Ground rules:

- We commit and push our own work, and open pull requests for review.
- We attend team meetings and respond within 12 hours.
- “Done” means: it compiles, it’s tested, and it’s merged to main via a reviewed pull request.
- If someone is stuck or falling behind, they inform the team early – before the deadline.
- If a conflict can’t be resolved, we raise it with the instructor promptly.

Additional rules:

1. Don't be bad
2. Be open to all ideas
3. Put in solid effort
4. Be on time
5. Communicate progress and potential problems with group
